

Sprint 3 Report
Product: Study Cats
Team: SmittenKittens
Date: 11/18/2018

Actions to stop doing:

- Assigning too many tasks within a sprint

Actions to start doing:

- Clearly specify who is doing what task at the beginning of the week (Monday)
- Breaking up the tasks into smaller tasks
- Have time where we all sit down & work together (Wednesdays and Friday)
- Clearly layout all tasks needed for a feature before starting to work on it
- Finish tasks

Actions to keep doing:

- Update the Scrum board every day (on trello)
- Communicate through Discord
- Talking through issues after scrum meetings

Work completed/not completed:

- Work completed:
 - To-do list has scroll bar working
 - Merged all the branches into one branch
 - Created a break for the timer
 - Looked up implementing Google Calendar API
 - Finished looking into making timers global
 - Finished looking into cat color randomization
- Work not completed:
 - Cat randomization
 - Cat appearance pop-in
 - Timer persistent through all Views
 - Google calendar implementation
 - Remove the placeholder text for to-do list once the user click on to write more list

Completion rate: 60%
