Sprint 2 Plan

Product: Study Cats

Team: SmittenKittens

Sprint Completion Date: 11/3/2018

Revision: 1

Revision Date: 10/20/2018

Goal:
- As a user, I want an app to help me keep focus and on track of my studies so that I can improve my study habits.
- As the user, I want animated cats to appear periodically on the screen as I study so I am motivated to continue to study.
- As the user I want my interface to be aesthetically pleasing on all my devices so I want the app to be okay on every device.

Task listing, organized by user story:
- User story 1:
  - Implement a todo list under check button
  - Implement google sign-in
  - Under calendar button implement google calendar
  - Use firebase to save user data
- User story 2:
  - Learn how to create a cat animation in the most space saving way
  - Implement new cat to appear every 30 minutes on study time
  - Create new cats animation? Walking cat? Reading book cat?
- User story 3:
  - Make buttons fit on every device
  - Make transitions between views when buttons are clicked as smooth as possible

**Team roles:**
Product Owner: [Camille]
Scrum Master: [Cheyenne]
Team Members: [Cesar, Evan, Youmna]

Initial task assignment:
- Get the button to align on all devices (Youmna)
- Google sign-in & link calendar (Cheyenne)
- Storing session information / user info (Cesar)
